

Morgen Drasnin

wants to live in a world where money flows, time and freedom are abundant, and passion is the primary reason for doing anything.

As a Soulful Wealth Coach and angel therapy practitioner, she's trained with luminaries Margaret Lynch, Doreen Virtue and don Miguel Ruiz, and has been a featured speaker on telesummits, BlogTalkRadio, and stages throughout Southern California.

When she's not coaching enlightened entrepreneurs to clear their inner programming around money and skyrocket their income, you might find her traveling, joyfully planting succulents, or rescuing a dog from an animal shelter.

As seen on...

Morgen's inner wealth talks are designed to help you...

- Learn how past financial setbacks and earliest beliefs about money are affecting your income now
- Uncover hidden triggers that literally shut off the flow of money to your business
- Clear old beliefs, emotions, and ingrained responses to money, so you can make more of it
- Develop the confidence to present your work boldly to the world and charge what your worth

*In her talk "How to Get to the Root of What's Holding Back Your Wealth," Morgen shed light on our inner money programming and the 5 types of money. She guided us through an **amazing experiential process** to reveal hidden vows, turn off the fight-or-flight response, and so much more.*

Some of Morgen's most popular talks...

How to Get to the Root of What's Holding Back Your Wealth

This highly experiential talk gives the audience deep insights into old patterns and beliefs around money that can create an invisible income ceiling. By recognizing and clearing this money paradigm, struggle and "hard work" are released, money-making creative energy is unleashed, and a higher level of wealth receptivity emerges.

The Power of Setting an Outrageous Income Goal

In this engaging and experiential talk, Morgen leads audience members through a process that precisely identifies the limiting beliefs holding them back from their income goals. After clearing these beliefs using a powerful mind-body technique, Morgen reveals the key secrets to setting and achieving big income goals.

Turn Up the Heat to Ignite Your Income

Did you know you have an internal thermostat that regulates the amount of money you receive? In this talk, audience members quickly identify their internal blocks to higher income, and experience a simple but powerful technique to raise their wealth "set point" for a greater flow of financial reward.
